Remember when every kitchen had a wood box near the cooking range? It was surprising, too. how much fuel the bulging range consumed. And it seemed to you that no sooner did you have the wood box filled than Mother would call. Johnny, dont forget to bring in some more wood." Remember?

Cody & Son Memorial Heme 202 N. Prairie St Phone 218

# **BEGINNING JUNE 15th** YOU WON'T NEED A CHECKING ACCOUNT PASSBOOK

Beginning June 15th, our Checking Account Customers will receive machine-registered receipts for their deposits. Deposit slips will be made out by the customer as heretofore, but

Checking Account Passbooks Will Not Be Needed Instead of a pen and ink entry in your passbook the teller will issue a printed receipt which is clearly legible, and which is an exact transcript of the bank's record. Duplicate receipts will be furnished automatically, upon request.

In addition to faster service and increased protection, this new system assures greater privacy. The old-fashioned passbook told all the customer's business to anyone who happened to see it. The machine-registered receipt records only the amount of a single deposit. If a messenger is sent to the bank with a deposit, the new arrangement is most advantageous

Tellers' Machines reflect our desire to show our depositors that we appreciate their patronage by giving them the advantage of every new improvement in banking service

# Keep Cool-and be Your Age

That, in few words, is our brewmaster's standing order for Budweiser. While warm temperatures speed up fermenta tion, Budweiser, for perfection, must age slowly and thoroughly at a cellar temperature kept constantly just above the freezing point. This is just one of many costly steps in the most expensive brewing process known. It brings you highest quality and the distinctive taste found only in Budweiser.

LAKE THIS TEST **Budweiser** On the sixth day
